MEMORANDUM FOR: General Counsel

SUBJECT : Applicability to CIA of Allowance Provisions
in Foreign Service Amendments of 1955 and
Proposed Overseas Allowances Act of 1955

REFERENCE : Memorandum from Director of Personnel to
Assistant Deputy Director (Support), dated
4 May 1955, re: Subject Above, with
attachments

1. In view of the interest of this Office in adopting the language of the Foreign Service Amendments of 1955 regarding the whole problem of educational allowances for overseas personnel of CIA, it is requested that you review the findings of the Director of Personnel, contained in paragraph 4 of the referenced memorandum above, with a view toward advising an appropriate course of action regarding educational travel grants, appearing as Section 911 of the Foreign Service Amendments of 1955.

2. Your Office has previously given an opinion (Attachment A) on the applicability of the subject legislation to the needs of this Agency, but there seems to be some question as to the method of approaching the travel grant problem in any Agency regulatory issuance which would rescind Agency Notice No. [redacted], currently in force.
